

TOSH TALES

HI GANG - GIG GUIDE - AND DITS

ISSUE 5

PRICE 50P

Hi Gang,

Well the year is zipping past and I'm already thinking of booking for next year. I suppose this issue of 'Tosh Tales' should be considered the Christmas edition!! Unbelievable.

Not much has happened in the world of the 'Tosh and the Moonlighters', we've been plodding on as usual to what I would imagine are, across the board, dwindling audiences. I never thought I would admit this, but if we're not careful, our beloved hostelry's will die out, *sooner* than later.

Be warned, the price of drinks, the smoking ban and the supermarket virus, (that is sweeping not only England, but the globe), the dodgy economy, will kill off this lovely institution we call 'The Pub', as it has done the town centres in our market towns etc.

There is only so much adaptation a publican can do, but from my point of view, with people drinking at home more, it might be wise for me to become *your* home entertainment. Gigs in the garden, living rooms, conservatories etc. This could be lucrative. Seriously though I do hope we don't lose 'The Pub'.

Enough of that dreary stuff. We recently did another tribute night at the Gorleston Cliff Top Gala. I would like to go on record and say thank you to everyone who took part and who played a vital part in the performance.

I've also done a gig with Tony Dinsdale, always a pleasure as usual, Tony.

I won't drivel on anymore, I do enough of that over the mic at gigs. So I'll love and leave you. Take care, and hopefully we'll see you all very soon.

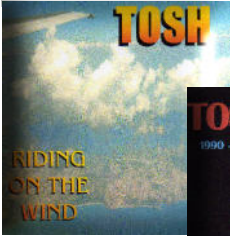

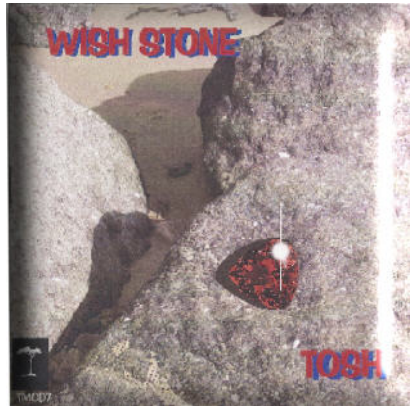

Front Cover: Tosh Moonlighting with 'The Direbolics', at 'The Vulcan', Sizewell. As you can see a very blurred night was had by all!!
